# Property Modification Request Policy

Asset Management

Version number

19/06/2027

Next Review Date

19/06/2024 Date Published

3 Years <u>Review Period</u>

# 1. Purpose

The purpose of this policy is to provide clear direction to Housing Choices Australia (HCA) Staff in the management of all minor and moderate non-structural modification requests, which can be submitted by the resident, their advocate or their medical care team.

This Policy must be read in conjunction to the Property Modification Procedure.

## 2. Scope

This policy applies to all properties under HCA's stewardship, whether owned or managed on behalf of other individuals, organisations, or government agencies.

Where HCA manages properties, the contractual arrangements are detailed in the management agreements that specifically relate to those properties and must be read in conjunction with this policy.

HCA acknowledges that a resident during their tenancy may require a modification to their property that would enable increased functionality with managing day to day living tasks.

All modification requests received will be reviewed against Housing Choices Australia Set Criteria. All criteria must be met before approval is provided. Criteria include, but are not limited to;

- safety aspects,
- financial viability of the request,
- sustainably of the tenancy, scale of works,
- the type of request,
- the impact of the request on the physical nature of the asset
- responsibility and ongoing maintenance of the modification
- The request may be approved with the provision of make good at the end of lease/tenancy.

# 3. Scheduled Review

The Manager, Planning & Implementation is responsible for reviewing process and reporting non compliances, and the policy will be reviewed every three years.

Housing Choices Australia Limited Head Office Level 3, 350 Queen Street Melbourne VIC, 3000

# 4. Cost and scope of modification

Together, the Property Team Leader or their delegate and the resident (or their representative) should explore all sources of funding prior to approval. This should include liaison with services providers, such as NDIS, HAAC, General Practice Doctors, Occupational and Therapy Hospital Outpatient Services, etc.

HCA may choose to fund the modification, to improve the functionality, safety and accessibility after considering all external funding options.

A resident and their advocate must be informed of HCA's decision to approve/decline a modification. Should they wish to Appeal the decision they will be advised of the HCA Complaints and Appeals policy modification request which requires a regulatory approval, such as local council approval is to be escalated to GM National Assets for consideration. Team Leaders do not have the authority to give consent for these works.
